### Full job description

#### Your new company

The job is with a company who is part of a Global Network providing extensive services across a wide range of industries and sectors. The company partners with clients to solve problems, empower change and drive growth.

#### Your new role

The job as Salesforce Solution Architect is responsible for the solution architecture and design of the customer's solution, from solution conception, through to successful implementation and iteration.

#### What you'll need to succeed

- Salesforce platform implementation experience
- Salesforce certifications including but not limited to: Certified Admin, Platform App Builder, Application Architect, System Architecture
- Relevant University degree or an industry recognised qualification

#### What you'll get in return

- Work alongside some of the smartest minds in the Salesforce ecosystem and be a trusted advisor for your customers
- Immerse yourself in our inclusive, diverse and supportive culture
- Choose the way you want to work by embracing our flexible work arrangements
- Collaborate with industry and technical experts to grow your knowledge and network

#### What you need to do now
