Full job description

Your new company

With sustained performance over the last two challenging years, this company is strategically positioned for continued growth and success with their leading integrated and innovative supply chain solutions, strong market-share, and a focus on sustainable and environmental responsibility.

Your new role

The Senior Manager ESG & Investor Relations and will develop and lead the IR program and ESG strategy on behalf of the business, including supporting the CFO in establishing an IR dialogue with the Board of Directors, investors, financiers and rating agencies. This role will also provide subject matter expertise and maintain a current understanding of various ESG regulatory developments, issues, initiatives, trends and best practices; Develop a robust investor relations strategy & framework; Establish projects and priorities; Manage the business and reporting sustainability risks that the organisation faces as they transition and respond to changing government regulations and stakeholder expectations; Be responsible for investor relations presentation materials, and equity investors.

What you'll need to succeed

The successful candidate will have relevant tertiary qualifications in finance, environmental science, proven experience in ESG management, strategy, development and implementation of policy or management systems, understanding of commercial drivers for ESG, embedding ESG projects within organisations, building and maintaining effective relationships with external financial stakeholders and/or investors and the required communications material
