About Our Client

This organisation offers a highly stable environment in which to succeed. They have a large supportive team with a focus on development and as such career pathways and progression are offered.

Job Description

Our client is seeking an outgoing and enthusiastic management accountant who loves to partner with the business. The successful candidate will be passionate about liaising with operations on their finances, discussing and analysing budgets, analysing monthly performance, providing ad-hoc modelling for projects and generally providing value to non finance managers.

The responsibilities of this role include:

- Co-ordination the budget and forecasting process
- Preparation of financial statements
- Analysis of business performance, identifying trends and anomalies
- Asset accounting
- Assisting with a system upgrade

The Successful Applicant

The successful candidate will hold or be working towards accounting qualifications and have a strong technical management accounting skill-set.

A passion for analysis and an ability to identify trends and make suggestions for business efficiency's will be highly regarded.

Key for this role is an ability to interact at all levels of the organisation, excellent interpersonal and communication skills will see the successful candidate excel

in this role.
